Dear LATC Committee Members,

I am writing to express my strong support for the proposed regulatory language to amend CCR Section 2615 (Form of Examinations). Like many new graduates I was strongly encouraged to take Sections 1 and 2 of the LARE as soon as possible after graduating, as we were told new graduates tended to do better on these sections of the exams when taken soon after graduation.

Unfortunately, I will lose my hard earned pass of Section 1 under the new LARE format. I am not yet eligible to take Section 4, as I don't have the required number of years of experience yet. I would never have invested my time and money into taking Section 1, had I known that this change was coming to the LARE format.

I request that this proposed change be passed so that those of us caught in this position can take Section 4 next year and continue on the path to licensure without penalty.

Thank you,

Donna Tylor
