Authority and Reference: As a result of legislative reorganization, the Landscape Architects Technical Committee (LATC), established on January 1, 1998, replaced the former Board of Landscape Architects and was placed under the purview of the Board. Pursuant to the authority vested by section 5630 of the Business and Professions Code (BPC) and to implement, interpret, or make specific section 5650 of the BPC, the Board is considering changes to Division 26 of Title 16 of the California Code of Regulations (CCR) as follows:

**INFORMATIVE DIGEST**

A. **Informative Digest**

**Amend Title 16 CCR Section 2620 – Education and Training Credits**

BPC section 5650 requires candidates seeking licensure in landscape architecture to have six years of training and educational experience in landscape architecture to qualify for the licensing examination.

CCR section 2620(c) requires candidates to have a minimum of two years of training/practice in landscape architecture and section 2620(a) lists the amount of credit given for various degree programs and specific training/practice settings.

This proposal would retain the Board's existing education and training credits and add subsection 2620(a)(13) to allow candidates to gain up to one year of training/practice credit for teaching in an approved or non-approved landscape architecture degree program or an associate landscape architecture degree program, under the supervision of a licensed landscape architect.

B. Policy Statement Overview/Anticipated Benefits of Proposal

By adding a setting in which training/practice credit can be earned, this proposed regulation expands eligibility opportunities for candidates for licensure which compliments the Department of Consumer Affairs' Licensing for Job Creation Initiative.

C. Consistency and Compatibility with Existing State Regulations

After conducting a review for any regulations that would relate to or affect this area, the Board has evaluated this regulatory proposal and it is neither inconsistent nor incompatible with existing state regulations.
